

Using 4-port mini switcher HD

Advantage:  
small, less expensive, can stream directly from it, has titling, cuts, etc.

Disadvantage:  
use of HDMI cabling limited to 26 ft.

Adding splitter and program monitor adds following functions:  
- presents directly to in-room screen  
- director previews mix being streamed  
- monitor can record HQ program

Main Equipment  
ATEM Studio Mini  
Assist Recorder  
Scaler  
Splitter  
Audio Mixer?

Rough Cost: \$1000  
but \$500 w/o Assist  
and recording with computer
